Head of the world-renowned Magda Institute of Martial Arts in Reseda, CA, Cass Magda is one of today's foremost exponents on Filipino and Indonesian martial arts. Drawing from his five years as the personal assistant to Dan Inosanto, as well as his vast experiences training with masters from all over the world, Guro Cass has developed his own unique blend of Indonesian Silat, Filipino Kali, and Bruce Lee's Jeet Kune Do.

Don't miss this opportunity to learn practical self-defense techniques and training methods that you will be able to use immediately! Guro Cass' easy-to-understand approach and direct application method makes this the premier "take-home knowledge" workshop on the seminar circuit today.

Please wear comfortable clothing and athletic shoes. We may use boxing/bag gloves, focus mitts, shin guards, rattan sticks, and a practice dagger—come equipped! Some equipment available for purchase at the school.
